

250,000. He was born and raised in Oakland, California and received a B.S. degree in Agricultural Science and Management from the University of California at Davis.

After completing his education, he sought a career in the fire service working first for the Dublin San Ramon Services District Fire Department where he spent two years before moving to the San Leandro, California Fire Department. During his fourteen years in San Leandro, he held the ranks of Firefighter, Engineer, Captain, Battalion Chief, and Deputy Chief/Fire Marshal prior to becoming the Fire Chief.

When Alameda County consolidated its incorporated fire protection responsibilities into the Alameda County Fire Department, McCammon became the first Fire Chief of the newly formed department in 1993. The Department has doubled in size since 1993 with the addition of contracts for service with several local cities and the Lawrence Berkeley National Laboratory.

Chief McCammon has introduced and implemented programs that include retrofitting and expansion of the public buildings and fire stations as well as new construction of several fire stations. He also implemented a water rescue, heavy rescue and HazMat Response Team that provides mutual aid to the entire County of Alameda and served as a key negotiator representing Alameda County for an ambulance contract for citywide services.

An advocate of regionalization, Chief McCammon fostered and promoted the idea of creating a regional fire dispatch center within the County. Since its creation in 1999, six jurisdictions receive dispatch services from the center at the Lawrence Livermore National Laboratory, with countywide fire and emergency medical services mutual aid coordinated through the center.

Chief McCammon's list of involvement addressing fire and emergency medical services issues at the local, state and national levels is impressive. He has served on numerous boards, commissions and associations, and has been appointed by several governors for leadership positions to address incident management, homeland security, fire service and other issues relevant to his expertise.

On January 5, 2007, Fire Chief Bill McCammon's friends and family will gather at the Castlewood Country Club in Pleasanton, California to honor his achievements in his profession, to thank him for his years of dedicated service and to wish him well on his retirement. I am honored to recognize him on his special occasion.
